

FLORIDA TECH MOTORSPORTS

The Society of Automotive Engineers at Florida Tech participates in 3 different collegiate design competitions each year against schools from around the globe. We hope this event will be the kick off to a new beginning for the academic society with the goal of raising enough funds to open our own facility to work around the clock. This would afford SAE at Florida Tech the ability to be the most successful it has ever been.

Please join us at this event to celebrate cars, racing, and the beginning of a new chapter of Automotive Engineers at Florida Tech.

JANUARY 12, 2020
