The CACB completed over 1,500 Child Abuse Assessments in fiscal year 2020 and Needs your Support in 2021!

The mission of the CACB is to improve our community's response to child abuse and neglect by providing a comprehensive multi-agency team whose first responsibility is to child victims by:

Advocating for the total well-being of children; Building a relationship of trust; Reducing trauma;
Promoting therapy for child victims and their families; Holding offenders' accountable; and by
Calling the community's attention to the issue of child abuse and neglect.

A program of the Space Coast Health Foundation, the CACB is specifically designed to provide a safe and child friendly environment where abused children can share their story of abuse and receive treatment to move forward on a path of healing and hope.
